

## **ACCESSIBILITY**

The Inn at Weathersfield, located in Perkinsville Vermont, is committed to accommodating the needs of all our guests, and we strive to provide visitors with as accessible a lodging and dining experience as possible.

Our Inn is located in an original farm house built in 1792. Because we are located in a historic building, our unique 12-room boutique hotel may not be accessible to all or may present challenges in providing easy and independent access.

Before booking a reservation, please note that there is one exterior step required to enter the lobby/check-in area, and three exterior stairs required to enter by the front door. There is no elevator on property. Though we do have two first floor rooms, a narrow hallway with a small ramp leads to one (the Lincoln room) and the other (the Windsor room) is difficult to maneuver for anyone with distinct mobility issues. Our guest rooms do not meet ADA accessibility requirements due to the historic nature of the property.

If you have any questions about accessibility related to our property, or to make reservations, please contact us at (802) 263-9217.
